AUTOMOTIVE ENGINEERING

Equipment Acknowledgment

Department of Automotive Engineering | Clemson University

AuE-4930/6930 | Autonomous Vehicles: Racing Application | Fall 2026

Team Number	
Date Received	

Acknowledgement

The undersigned, representing the receiving team, formally acknowledge the following:

1. The team has received the NeoRacer hardware and accessories in working condition.
2. The course equipment package includes:
    - 1 × NeoRacer vehicle (with 1 × LiPo battery)
    - 1 × LiPo battery charger
    - 1 × WiFi router
    - 1 × tools pouch
    - 1 × accessories pouch
    - 1 × remote controller (with 4 × AA alkaline batteries)
    - 1 × vehicle stand
3. Each team will return the NeoRacer hardware and associated components to the designated course staff at the end of the semester in substantially the same condition in which they were received. Ordinary wear and tear is expected and will undergo an acceptance review.
4. The team understands that it may be responsible for any damage, loss, or misuse of the NeoRacer hardware and associated components during the checkout period, subject to applicable course policies.
